

Surrey Children's Centre vision:

"Children's Centres in Surrey are where services work together in partnership with children, families and communities to make a positive difference to all."

Our Children's Centre is friendly and welcoming where families can come to access advice and support, interact with their children using our wonderful resources and learn about child development. We provide information to enable parents/carers to access a range of local services and find local childcare.

Information and Advice sessions:

Monday to Friday 9.00am – 3.00pm
Please phone or drop in.
For other times please contact the centre.

Our outreach/Family support

Family life can be stressful and we are here to help. Our outreach workers are available to listen and offer support on a variety of parenting issues. This can be on a 1-to-1 basis, on a home visit or through our 10 week Parenting Course. We can offer information on introducing solids and family foods, behaviour concerns, breastfeeding and lots more.

We also run courses and information sessions to assist parents/carers in looking after their children.

Introducing Solids and Family Foods, First Aid School Readiness and other courses available according to local need.
